Career Objective

Striving for mastery in web development, I aim to contribute practical, scalable solutions that enhance user experience and product quality. I bring a strong full-stack mindset, adaptability to new technologies, and a problem-solving approach that helps teams ship reliable features efficiently. Over the next few years, I aspire to grow into a senior full-stack engineer, taking ownership of complex systems while contributing to team mentorship and long-term product success.

Skills

Frontend: JavaScript, TypeScript, React.js, Next.js, HTML, CSS, Tailwind CSS

Backend: Node.js, Express.js, MongoDB, JWT Authentication, Firebase Authentication

Tools: Git, GitHub, Vercel, Figma, Linux

Soft Skills: Team Collaboration, Adaptability, Fast Learner
